

## **Would you like to have your say about the services provided at Lantern Health?**

Our Patient Participation Group; Lantern Health Involving Patients (LHIP) is encouraging patients to give their views about how the practice is doing.

We are seeking new members from diverse group of patients from different age groups, gender, ethnicity, religion and patients with disability.

We would like to be able to ask the opinions of as many patients as possible and are asking if people would like to contact the practices across Lantern Health to provide the practice with feedback on the services and experience they have within Lantern Health Practices.

**All patients are welcome to join the Patient Participation Group.**

**Please contact the Practice or visit our website for further information:**
